

Mercator Transport Corporation Group obtains a second air charter contract and a purchase order for an additional four

LAVAL, QUEBEC, January 26, 2009 – Mercator Transport Corporation Group (“Mercator”) (TSX VENTURE: GMT) confirms the achievement of its first air charter through its new industrial division as disclosed on January 12, 2009. “It was an overall success, from the logistics’ side to the client’s entire satisfaction” says Jean-Pierre Apélian, President and CEO.

As such, following the first operation’s success, Mercator confirms the conclusion of a second logistics contract for the chartering of a Boeing 747 to link North America and Africa.

In addition, Mercator obtains a purchase order to charter four additional planes to complete the client’s contract. Mercator’s management believes that this purchase order should be completed within the month of February. Each charter is estimated at approximately \$500,000 USD of revenue.

About Mercator

Mercator specializes in freight forwarding, international logistics and distribution. Mercator offers high value-added services in global supply chain management, and designs tailor-made solutions. Customer intimacy and commitment differentiates Mercator in its ability to implement customers’ requirements.

Neither TSX Venture Exchange nor its Regulatory Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
